ABOUT US/HAKKIMIZDA

GEÇGEL Automotive, founded by Haydar GEÇGEL in 1981, first entered the sector by producing machine tools. Then, it developed its investments and expanded its product range on forged parts and trailer equipment in the automotive field with a rapid growth and started to produce brakes, in the same year, it started to produce brake adjuster, brake caliper caliper repair kits and forged bolts.

GEÇGEL Automotive, known in the sector and growing rapidly through its successful commercial activities, decided to merge under one roof with the joint decision of the company founders in 2010 and brought a new breath to the sector by establishing the GOS brand for this purpose. Expanding its activities with the GOS brand, the company has become an exemplary brand in the sector today. Continuing to work in Konya Organized Industrial Zone with its new technological infrastructure and professional team, GOS has made a name for itself in many countries of the world thanks to its new line of products.

Especially European countries GOS, which exports to more than 50 countries, increases this number day by day and takes firm steps towards becoming a world brand with its trust-oriented commercial understanding.

1981 yılında Haydar GEÇGEL tarafından kurulan GEÇGEL Otomotiv, ilk olarak takım tezgâhları üreterek sektörde giriş yaptı. Ardından yatırımlarını geliştirdi ve hızlı bir büyümeye ile otomotiv alanında dövme parçaları ve dorse ekipmanları üzerine ürün gamını genişleterek aynı yıl içerisinde fren cırcı, fren kaliperi, kaliper tamir takımları ve dövme civata üretimine başladı.

Gösterdiği başarılı ticari faaliyetler sonucunda sektörde tanınan ve hızla büyüyen GEÇGEL Otomotiv, 2010 yılında şirket kurucularının ortak kararı ile tek çatı altında birleşme kararı aldı ve bunun için GOS markasını kurarak sektörde yeni bir soluk getirdi. GOS markası ile faaliyetlerini daha da genişleten firma, bugün sektörde örnek alınan bir marka haline gelmiştir. Konya Organize Sanayi Bölgesinde, yeni teknolojik alt yapısı ve profesyonel ekibiyle 55.000 m² açık, 38.000 m² kapalı alanda çalışmalarına devam eden GOS, yaptığı yeni ürünler ile Dünya'nın birçok ülkesinde adından sıkça söz ettirmektedir.

Avrupa ülkeleri başta olmak üzere 50 den fazla ülkeye ihracat yapmakta olan GOS, bu sayıyla her geçen gün artırmakta ve güven odaklı ticari anlayışı ile dünya markası olma yolunda emin adımlarla ilerlemektedir.

Innovative and Committed to Its Values

Our vision is to become an innovative, value-driven and loved brand by combining GOS quality with R&D studies and cutting-edge technology.

Yenilikçi ve Değerlerine Bağlı

Vizyonumuz; GOS kalitesini, Ar-Ge çalışmaları ve son teknoloji ile birleştirerek yenilikçi, değerlerine bağlı ve sevilen bir marka olmak.

Focused on Technology, Trust and Satisfaction

Our mission is to reach the whole world by gaining people without compromising the principles of trust, quality and satisfaction, and become a global brand by developing the technological infrastructure at world standards.

Teknoloji, Güven ve Memnuniyet Odaklı

Misyonumuz ise güven, kalite ve memnuniyet ilkelerinden taviz vermeden, insan kazanarak tüm dünyaya ulaşmak ve teknolojik alt yapıyı dünya standartlarında geliştirerek global bir marka olmak.

The 40 Years Journey of Quality and Production

We continue our high-quality adventure by growing. We are expanding and developing our works, we carry out in 55.000 area in total. One of the most powerful sources of this development is the value we place on people. We have created a working environment appealing to everyone through the team we have established and the working system we have implemented.

We produce thousands of tons per year in our fully equipped, high-tech factory with our entire team. We have a world-class production volume by striving to use the opportunities provided by technology everywhere. In addition, we have undersigned many successful projects by making large investments in the field of research and development.

By reaching more than 50 countries worldwide, we transfer the power and high quality of Turkish production to the whole world. We act and carry out our activities in a planned manner by creating the necessary infrastructure to reach more countries in the future.

Üretim ve Kalitenin 40 Yıllık Hikayesi

Kalite serüvenimize büyüğerek devam ediyoruz. Toplamda 55.000 m²'lik bir alanda yürüttüğümüz çalışmalarımızı genişletmekte ve geliştirmektedir. Bu gelişimin en güçlü kaynaklarından birisi de insana verdığımız değerdir. Kurduğumuz ekip ve uyguladığımız çalışma sistemi ile her insana hitap eden bir çalışma ortamı oluşturduk.

Tüm ekibimizle tam donanımlı üst düzey teknolojiye sahip fabrikamızda yıllık binlerce ton üretim gerçekleştiriyoruz. Teknolojinin verdiği imkanları her yerde kullanmaya gayret ederek dünya standartlarında bir üretim hacmine sahibiz. Ayrıca AR-GE alanında da büyük yatırımlar yaparak bir çok başarılı projelerin de altına imzamızı atmış bulunmaktayız.

Yurt dışında 50'den fazla ülkeye ulaşarak Türk üretiminin gücünü ve kalitesini tüm dünyaya aktarmaktayız. İlerleyen süreçlerde daha fazla ülkeye ulaşmak için de gerekli alt yapıları oluşturarak planlı bir şekilde hareket etmekteyiz.

HAYDAR GEÇGEL

Chairman Of The Board

Yönetim Kurulu Başkanı

Production Standard

Production at High-Quality Standards

We manufacture thousands of types of Automotive Spare Parts such as Brake Sets, Trailer Parking Foot and Caliper. All of our products are thoroughly checked in accordance with our high-quality standards. With our investments, we not only enlarge our production facility, but also continue to develop production systems, control departments and R&D laboratories.

Üretim Standartı

Yüksek Kalite Standartları ile Üretim
Binlerce çeşit Fren Cırcırı, Dorse Park Ayağı ve Kaliper
gibi otomotiv yedek parça ürünlerini üretmekteyiz. Tüm
ürünlerimiz kalite standartlarına uygun olarak baştan sona
kontrol edilmektedir.
Yatırımlarımızla yalnızca üretim tesisini büyütmekle
kalmıyor, üretim sistemlerini, kontrol departmanlarını, Ar-Ge
laboratuvarlarını geliştirmeye de devam etmekteyiz.

Innovative and Powerful

We have a large and functional production facility, both indoor and outdoor. We standardize our production quality through our technological infrastructure. Our professional team is the biggest indicator of the care we show for our work.

Yenilikçi ve Güçlü

Açık ve kapalı olmak üzere büyük ve işlevsel bir üretim tesisi sahiptir. Teknolojik alt yapı ile üretim kalitemizi standartlaştırmaktayız. Profesyonel bir ekip, işimize gösterdiğimiz özenin en büyük göstergesidir.

35.000

We perform production of an average of 35.000 brake adjuster per month

Aylık ortalama 35.000 adet Fren Cırcırı

4.000

An average of 4.000 Landing gear per month

Aylık ortalama 4.000 adet Dorse Park Ayağı

50.000

An average of 50.000 Calipers per month.

Aylık ortalama 50.000 adet Kaliper üretimi gerçekleştiriyor.

Large Production

As GOS, we have a strong potential through the size and functionality of our production facility. We are rapidly expanding our production in Konya Organized Industrial Zone in an outdoor area of 55.000 m² and an indoor area of 38.000 m² with our technological infrastructure and professional team.

Production Process

In the paint shop where we use static paint, all products are carefully processed and made ready for the next stage.

Statik boyaya kullandığımız boyahane bölümünde, tüm ürünler özenle işlemenden geçirilerek bir sonraki aşamaya hazır hale getirilmektedir.

Our qualified manpower, we bring together with our high-capacity casting facility, meets customer expectations at a high rate.

Yüksek kapasiteli döküm tesisi ile buluşturdığımız nitelikli insan gücü, müşteri bekłentilerini yüksek oranda karşılamaktadır.

Büyük Üretim Tesisi

Dünya otomotiv sektöründe giderek büyuyen bir marka olarak adından sıkça söz ettiren GOS, üretim tesisinin büyüklüğü ve işlevselligi ile güçlü bir potansiyele sahiptir. Konya Organize Sanayi Bölgesinde 55.000 m² açık, 38.000 m² kapalı alanda gerçekleştirdiği üretim, teknolojik altyapı ve profesyonel ekip ile birleştiğinde markanın daha hızlı ve sağlam bir şekilde büyümесini sağlamaktadır.

Our machining department, where we use the latest technology, works non-stop to spread the GOS quality to the world through its high-precision CNC benches.

Son teknolojiyi kullandığımız talaşlı imalat bölümümüz, hassas CNC tezgahları ile birlikte GOS kalitesini dünyaya yaymak için durmadan çalışmaktadır.

Thanks to its technological infrastructure and professional team, GOS is the new name of innovative production.

Teknolojik alt yapı ve profesyonel bir ekip ile GOS, yenilikçi üretimin yeni adıdır.

Pioneering Innovation

We built a new foundry by developing our existing high-capacity foundry area. We always move forward by prioritizing innovation and high-quality.

Technology Develops with R&D

With our R&D unit, we are developing our technology day by day. Thanks to the new systems we have implemented, we have further increased the power of our product quality control unit and minimized errors.

GOS in the World

GOS quality, which reaches all over the world, especially in Europe, continues to prove its success to the whole world by showing its difference in the sector.

Yeniliğe Öncülük

Hali hazırda var olan yüksek kapasiteli dökümhane alanımızı geliştirmek yeni bir dökümhane inşa ettik. Yeniliğe ve kaliteye her zaman öncelik vererek ilerlemekteyiz.

Ar-Ge ile Teknoloji Gelişiyor

Ar-Ge birimimiz ile teknolojiyi her geçen gün geliştirmektedir. Uyguladığımız yeni sistemler ile ürün kalite kontrol biriminin gücünü daha da artırdık ve hatayı minimuma indirdik.

Dünya'da GOS

Avrupa başta olmak üzere, Dünya'nın dört bir yanına ulaşan GOS kalitesi, sektörde farkını ortaya koymak başarısını tüm dünyaya ispat etmeye devam etmektedir.

Ar-Ge ile Teknoloji Gelişiyor

Ar-Ge birimimiz, uyguladığı yeni sistemler ile ürün kalite kontrol biriminin gücünü artırarak hatayı minimuma indirmektedir.

Strong, Determined and Hardworking

Since our establishment in 1981, as GOS, we have always been carrying out our activities with the motivation of creating a global brand. With a strong vision and the principle of employing qualified personnel and closely following advanced technology, we are growing even more and we do not compromise on our high-quality under any circumstances.

Güçlü, Kararlı ve Çalışkan

GOS olarak kurulduğumuz 1981 yılından bu yana çalışmalarımızı daima global bir marka yaratma motivasyonuyla yürütmektedir. Güçlü bir vizyon, nitelikli eleman istihdamı ve ileri teknolojiyi yakından takip ettiğimiz bir çalışma prensibi ile daha da büyüyor ve hiçbir koşulda kaliteden ödün vermiyoruz.

Export to More than 50 Countries

We contribute to the national economy by exporting 70% of the products we produce domestically to nearly 50 companies in more than 50 countries.

50'den fazla Ülkeye İhracat

Yerli olarak üretmekte olduğumuz ürünlerin %70'ini 50'den fazla ülkede 50'ye yakın firmaya ihraç ederek ülke ekonomisine katkı sağlamaktayız.

Domestic Sector

We provide direct service to heavy vehicle and trailer manufacturers serving the automotive industry in the country.

International Service

We provide service to spare part dealers on an international scale through our dealerships.

Technological Infrastructure

We are strengthening our position in the global market by constantly increasing our production quality with the latest technology CNC machines.

Yurt İçi Sektör

Yurt içinde otomotiv sektörüne hizmet eden ağır vasita ve dorse üreticilerine direkt hizmet sunuyoruz.

Uluslararası Hizmet

Uluslararası ölçekte yedek parça bayilerine ise bayiliklerimiz aracılığı ile hizmet sunuyoruz.

Teknolojik Alt Yapı

Son teknoloji CNC makineleri ile üretim kalitemizi sürekli artırarak global pazardaki yerimizi sağlamlaştırıyoruz.

Automatic Brake Adjuster

The difference of the Automatic Brake Adjuster is keeping the gap between the pad and the drum, occurring as the pad wears, constant without the need for adjustment.

System Developed by GOS

Thanks to the system developed by our company, the aforementioned gap is filled simultaneously by all the brake ratchets installed in the vehicle. By this way, the life cycle of the brake equipment is ensured to end at the same time.

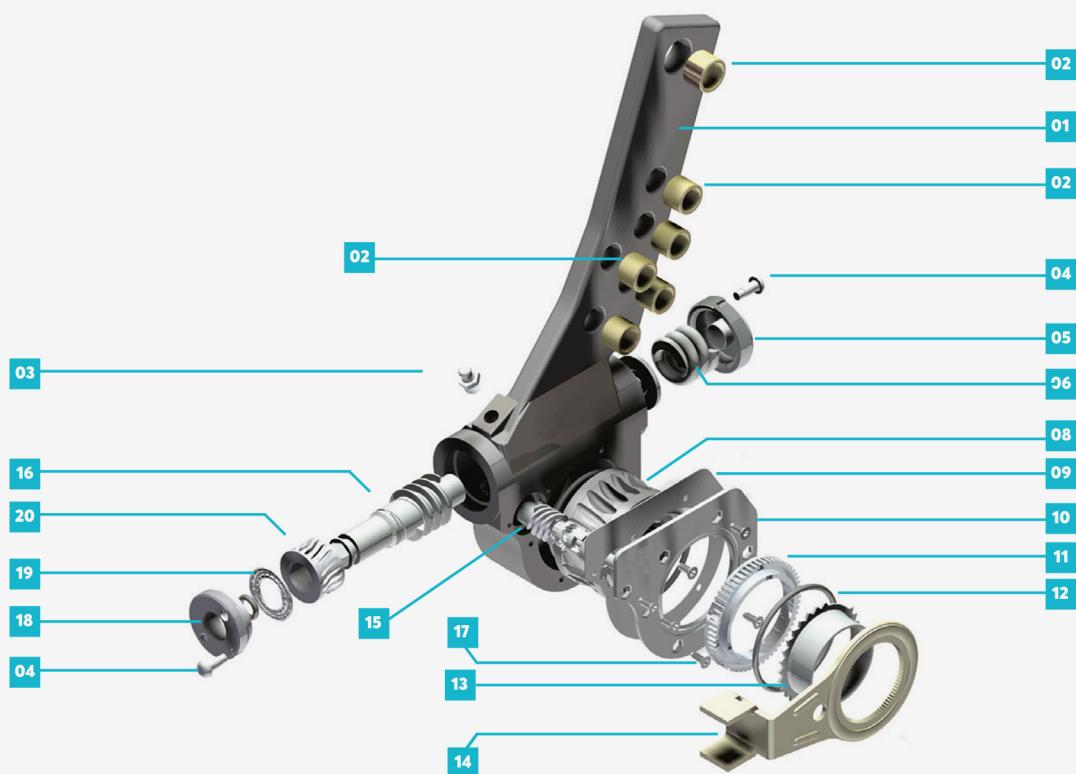

Otomatik Fren Ayar Kolu

Otomatik fren ayar kolumnun farkı; balata aşındıkça meydana gelen balata ve kampana arasındaki boşluğu ayar gerektirmeksizin sabit tutabilme özelliğidir.

GOS'un Geliştirdiği Sistem

Firmamız tarafından geliştirilen sistem sayesinde söz konusu boşluk araçta takılı olan tüm fren circirları tarafından eş zamanlı olarak almakdadır. Bu sayede fren ekipmanları kullanım süresinin, aynı zamanda tükenmeleri sağlanmış olmaktadır.

Guarantee Conditions

The guarantee period comes into effect from the manufacturing date indicated on the concerned part. On the other hand, the product guarantee warranty is examined by our company and evaluated within the scope of the issues arising from manufacturing defects. In this context, our company is not responsible for complaints arising from assembly and usage errors. Complaints other than these must be made within the period of guarantee. The part subject to a complaint must be sent to Geçgel Metal Döküm Mak. Oto. San. Tic. Ltd. Şti. for a full inspection.

Period of Guarantee

The period of guarantee comes into effect from the date of manufacture indicated on the concerned part.

Scope of Guarantee

Problems determined to be arising from manufacturing defects in accordance with the examination conducted by our company are covered within the scope of guarantee. Our company is not responsible for complaints arising from assembly and usage errors.

Complaint Period

Complaints to be made must be made within the scope of the period of guarantee.

Examination

The complaint related part must be sent to our company (Geçgel Metal Döküm Mak. Oto. San. Tic. Ltd. Şti.) for a full inspection.

TRAILERS

It is covered by the warranty for the period of 2 years and maximum 200.000 km of use.

TRUCKS

It is covered by the warranty for the period of 2 years and maximum 200.000 km of use.

BUSES

It is covered by the warranty for the period of 1 year and maximum 100.000 km of use.

Garanti Koşulları

Garanti süresi, öncelikle parçanın üzerinde belirtilen imalat tarihinden itibaren yürürlüğe girmektedir. Ürün garantisini ise, firmamız tarafından incelenerek imalat hatasından doğacak unsurlar kapsamında değerlendirilir. Bu kapsamda firmamız, montaj ve kullanım hatalarından doğacak şikayetlerden sorumlu değildir. Bunların dışında gerçekleşen şikayetlerin ise, mutlaka garanti kapsamı süresi içerisinde yapılması gerekmektedir. Şikayete konu olan parça, tam bir tetkik için Geçgel Metal Döküm Mak. Oto. San. Tic. Ltd. Şti.'ye gönderilmek zorundadır.

Garanti Süresi

Garanti süresi parçanın üzerinde belirtilen imalat tarihinden itibaren yürürlüğe girer.
(İzlenebilirlik No.)

Garanti Kapsamı

Firmamız tarafından incelenerek imalat hatasından doğacak unsurlar garanti kapsamına girer. Montaj ve kullanım hatalarından doğacak şikayetlerden firmamız sorumlu değildir.

Şikayet Süresi

Yapılacak şikayetler mutlaka garanti süresi kapsamı içerisinde yapılmalıdır.

Tetkik

Şikayete konu olan parça tam tetkik-muayene için Firmamıza (Geçgel Metal Döküm Mak. Oto. San. Tic. Ltd. Şti.) gönderilmek zorundadır.

DORSE

2 yıllık bir süre ve maksimum 200.000 km'lik bir kullanım ile garanti kapsamına girmektedir.

KAMYON-TIR

2 yıllık bir süre ve maksimum 200.000 km'lik bir kullanım ile garanti kapsamına girmektedir.

OTOBÜS

1 yıllık bir süre ve maksimum 100.000 km'lik bir kullanım ile garanti kapsamına girmektedir.

Brake Adjuster

The Brake Adjuster is an important and integral part of brake drive systems. It serves to make the vehicle stop by braking.

Fren Ayar Kolu

Fren ayar kolu, fren tarike sistemlerinin önemli ve ayrılmaz bir parçasıdır. Görevi, aracın fren yaparak durmasını sağlamaktır.

Automatic Brake Adjuster

The difference of the Automatic Brake Adjuster is keeping the gap between the pad and the drum, occurring as the pad wears, constant without the need for adjustment.

Otomatik Fren Ayar Kolu

Otomatik fren ayar kolumnun farkı; balata aşındıkça meydana gelen balata ve kampana arasındaki boşluğu ayar gerektirmeksiz sabit tutabilme özelliğidir.

System Developed by GOS

Thanks to the system developed by our company, the aforementioned gap is filled simultaneously by all the brake ratchets installed in the vehicle. By this way, the life cycle of the brake equipment is ensured to end at the same time.

GOS'un Geliştirdiği Sistem

Firmamız tarafından geliştirilen sistem sayesinde söz konusu boşluk araçta takılı olan tüm fren cırcırları tarafından eş zamanlı olarak almakdadır. Bu sayede fren ekipmanlarımızın ömrünü hemen hemen aynı zamanda tüketmeleri sağlanmış olmaktadır.

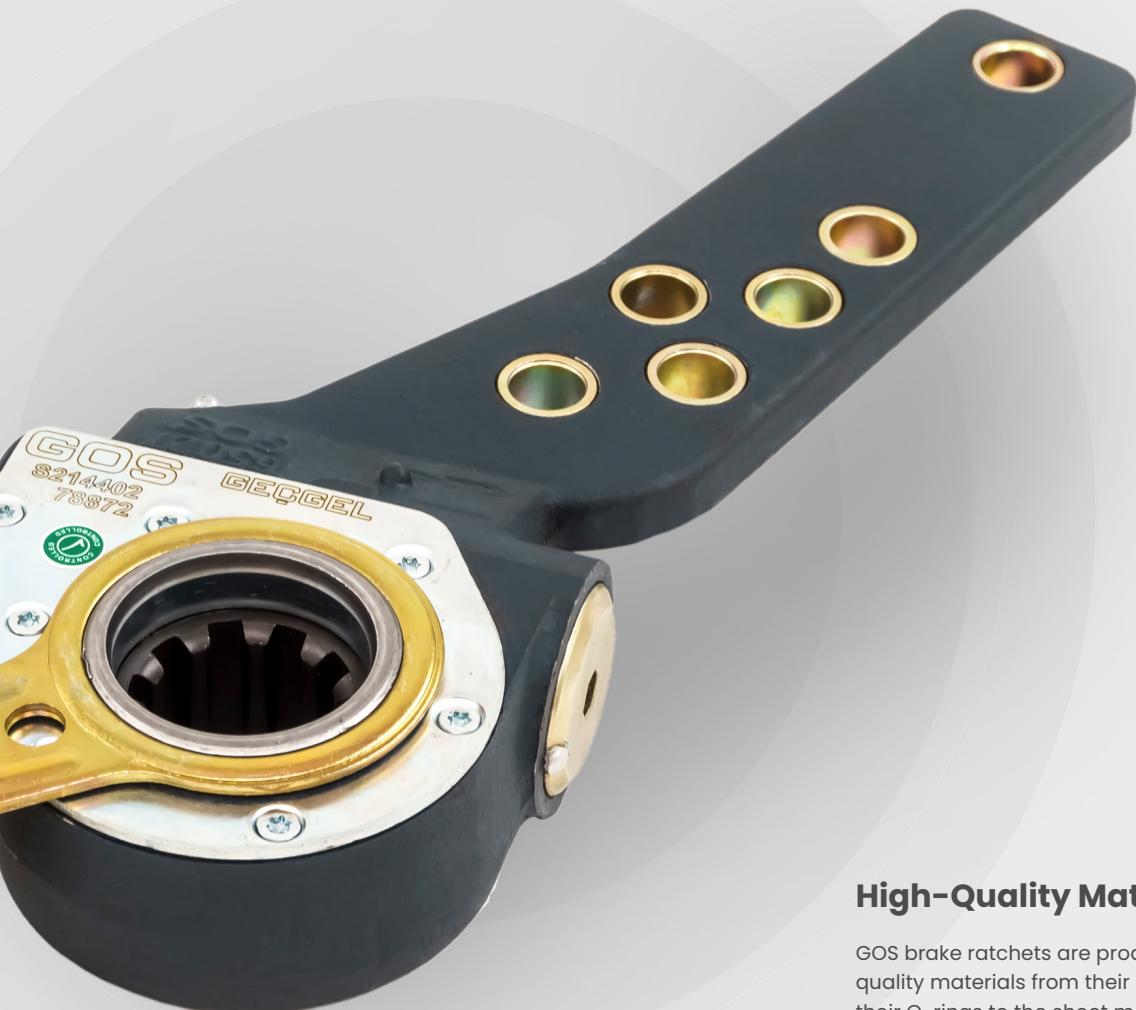

Brake Drive System

The Brake Adjuster is an important and integral part of brake drive systems. Its task is to transmit the pressure caused by the air filled in the brake chamber, to the S-cam shaft when the driver presses the brake pedal, and to ensure that the S-cam shaft moves, the pads contact the drum with the movement taken from the S-cam shaft, so the vehicle stops by braking.

Fren Tahrik Sistemi

Fren ayar kolu fren tahrik sistemlerinin önemli ve ayrılmaz bir parçasıdır. Görevi, şoförün fren pedalına basmasıyla beraber fren körüğüne dolan havanın neden olduğu basıncı S-kam miline ileterek S-kam milinin hareket etmesini, balataların S-kam milinden aldığı hareketle kampanaya temas etmesini dolayısıyla aracın fren yaparak durmasını sağlamaktır.

High-Quality Material

GOS brake ratchets are produced from the highest quality materials from their bodies to the gears, from their O-rings to the sheet metal parts, and they are covered with coatings with high corrosion resistance.

Kaliteli Malzeme

GOS fren circurları gövdeden dışlılere O-ringlerinden sac aksamlarına kadar en kaliteli malzemelerden üretilmiş olup, yüksek korozyon direncine sahip kaplamalarla kaplanmaktadır.
